1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 4,5,7,12,13,15,20,21,23,28 and 29 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 4,7,12,15,20,23,and 28 do not define "R" , neither does there appear to be a definition in the specification.

Claims 5,13,21,and 29 are rejected for depending from a claim rejected under 35 USC 112.

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless —(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-30 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Yamana et al US 5965496

See the lubricant of example 1 as applied to a carbon coated hard disc in example 7 and formula 1'
